Barlow, V. Mark Durand (2014) Looking into the future of abnormal psychology as a held, it seems our ability to prevent psychological disorders may help the most. Although this has long been a goal of many, we now appear to be at the cusp of a new age in prevention research. Scientists from all over the globe are developing the methodologies and techniques that may at long last provide us with the means to interrupt the debilitating toll of emotional distress caused by the disorders chronicled in this book, Abnormal Psychology: An Integrative Approach, Seventh Edition / David H. Barlow, V. Mark Durand (2014). Authors therefore highlight these cutting-edge prevention efforts—such as preventing eating disorders, suicide, and health problems, including HIV and injuries— in appropriate chapters as a means to celebrate these important advancements, as well as to spur on the field to continue this important work.
